OUR STORY

The Story Of ProGreen Services, LLC

In January 2012, Clark Whiddon, established **ProGreen Services, LLC** . January 2018, **ProGreen Services, LLC** Orlando branch was opened. The company has exceeded Clark's expectations and has grown exponentially in just a short 10 years turning 2019 - 2022 into pivotal years for **ProGreen**. As the company skyrocketed in January of 2020, **ProGreen** added the Environmental Division and **ProGreen Services, LLC** the addition of the Irrigation and Construction/Installation Divisions. In 2022, we opened our Melbourne location due to our ongoing relationships throughout Florida. Our solid foundation, talent and experience combined makes us one of the most uniquely qualified full-service landscape, irrigation and installation companies in Florida.

At **ProGreen Services, LLC**, our team is highly motivated, knowledgeable, ethical and resourceful. Qualified to handle any Maintenance, Irrigation, Arbor and Construction/Installation operation, our dedicated staff is committed to helping communities and homeowners with their landscaping and irrigation needs. Our team of professionals have the integrity to follow up on our promises, and the expertise to navigate any job to ensure you're fully informed making the best decision possible for your community. We welcome an opportunity to personally introduce our organization.

Our Business Model ●

Overall Approach

ProGreen Services, LLC, prides ourselves on having a strong foundation of landscape and irrigation knowledge and training. Our focus is on providing VALUE SOLUTIONS for our partners through creative maintenance procedures and processes.

Let's talk about Full Service

**Integrity * Expertise * Passion*

Our core business lies within our people, systems, experience, education and knowledge of landscaping, irrigation, and arbor industries. ProGreen Services provides solutions in the landscape industry by being locally owned and taking pride in the work we perform daily.

We Follow Process Of Systems

We have a systematic and disciplined approach when bidding maintenance, irrigation and construction work, putting each potential contract through a strict due diligence process. This rigorous set of criteria includes, but is not limited to the following:

- Comparable work analysis and examination by an experienced professional
- An evaluation and study of your communities landscape and associated responsibilities
- Rigorous employment process which allows us to properly qualify each individual for the position developed
- Specific asset allocation to best perform the landscape needs

ProGreen Services, LLC

Our Competitive Advantage?
