Executive Summary

The Story Of ProGreen Services, LLC

In January 2012 Clark Whiddon set his sights on establishing a landscape corporation, creating **ProGreen** Services, LLC (Landscaping Services). January 2018 **ProGreen** Services, LLC (Landscaping Services)' Orlando branch was opened. The company had exceeded Clark's expectations and has grown exponentially in just a short 10 years turning 2019-2022 into a pivotal year for **ProGreen** as the company skyrocketed. In January of 2020 **ProGreen** added the Environmental Division and **ProGreen** Services, LLC (Landscaping Services) added the Irrigation and Construction/Installation Divisions. In 2022 we opened our Melbourne location due to our ongoing relationships throughout Florida. Our solid foundation, talent and experience combined makes one of the most uniquely qualified full service landscape, irrigation and installation companies in Florida.

At **ProGreen** Services, LLC, our team is highly motivated, knowledgeable, ethical and resourceful. Qualified to handle any Maintenance, Irrigation and Construction/Installation operation, our dedicated staff is committed to helping communities and homeowners with their landscaping and irrigation needs. Our team of professionals have the integrity to follow up on our promises, and the expertise to navigate any job to ensure you're fully informed making the best decision possible for your community. We welcome and opportunity to personally introduce our organization.

Our Business Model ●

Overall Approach

At ProGreen Services, LLC, we pride ourselves on having a strong foundation of landscape and irrigation knowledge and training. Our focus is on providing SOLUTIONS for homeowners and businesses and finding VALUE for our clients through creative maintenance procedures and processes

Our Business Concept

Treat the customer like we want to be treated

Our core business lies within our people, systems, experience, education and knowledge of the landscaping and Irrigation industry. ProGreen Services exist to fill the void in the landscape industry of a care locally owned firm which takes pride in the work we execute daily

We Follow A Strict Process Of Systems

We have a systematic and disciplined approach when bidding maintenance, irrigation and construction work, putting each potential contract through a strict due diligence process. This rigorous set of criteria includes, but is not limited to, the follow

- Comparable work analysis and examination by an experienced professional
- An economic study and estimate of job costs (job cost analysis)
- Rigorous employment process which allows us to properly qualify each individual for the position developed through our sales efforts.

ProGreen Services, LLC
